## AmericanMERITocracy

### Foreword

This page invites all Whites to join in our knowledge of our great ancestors' accomplishments in terms of governing ourselves and join in standing on our ancestors' shoulders as we direct a greater course for our future.

**The first post** on this page, still serving as a fine introduction, is just below this intro. It is an entirely American White document.

**The second post**, which is an article first posted on the homepage 12 April 2014, adapts a White model from the greatest Whites of Germany (in the era of Adolf Hitler), in which the reader can see the German "25 Points" and how we could simply and effectively apply them to a new White U.S.A. after our race's resurgence and victory.

**A likely third post** would be The Declaration Of Independence given the same treatment as the German model. ENJOY.

### POST 1

Previous articles on this site include lists of principles and specific goals. With the announcement of the White American MERITocracy, a brief list ought to be included here. Thus:

1. Remove totally, by all means, all jews.
2. Junk the [CONstitution](#). Improve and re-establish the original states' successful Articles of Confederation. One improvement: No power to committees, and that includes infighting blame-spreading legislatures. Single, fully accountable leaders must stand at each level.
3. Reverse the incompatible immigration that jews have inflicted upon our country. Out they go — all of the Africans, Arabs, Asians, and Mestizos. We will help them go, as necessary.
4. Whites and only Whites will be allowed positions of authority and influence in America. Elections, actually selections, will be based on MERIT alone.
5. An honest, open money system will be established, unleashing production and prosperity. No interest on loans. The money creation system can also sufficiently fund the government, thus no personal income taxes and other such drains on individual earnings and savings.
6. Full return to family ownership of homes, not renting. Families will be helped in quickly gaining ownership of homes if not outright given homes.
7. Full return to family farms. There is no more self-sufficient, free, and independent people than family farmers — which is why the jews of the Soviet Union mass-murdered millions of White farmers and why the jews who caused our "Great Depression" forced millions of Americans off farms, by forced bankruptcies, by starvation, and by

government confiscations of property.

8. Maintain national defense. Remember: our race is our nation. We must have a national government structure at least for our money system (and electricity and other infrastructure) and for **defense** against the jew-controlled countries on our borders (yes, Canada and Mexico) and the threats by sea and air from Britain, China, and Russia. Furthermore, we would want to help our White brothers in other countries overthrow and destroy jewry for all time.

9. Of course, full rights to keep and bear arms. Every level of government from neighborhoods on up must ensure that right, never infringe upon it in any way.

10. (My fellow Whites, you can write your own favorite freedom here. It will be protected. I trust that jew-wise fellow Whites will not indulge in depraved jew-style “freedoms” detrimental to White families and White communities.)

While we plan for our future, we *must win that future* by destroying jewry. Right now, the duty and honor of each of us is to help reduce the enemy jew population. Inspiration and advice come with articles linked at the bottom of this site. Scroll down for them.

Signed,

*James T. Laffrey*

## POST 2

### How Would We Adapt Adolf Hitler's '25 Points' To A New White USA?

#### Here's How

— Adolf Hitler,  
appointed and elected.

Adolf Hitler and his National Socialist German Workers Party (NSDAP) published in **1920** their **25 Points**, which was their announced set of principles and directives. It was both a bold statement in opposition to their jew-corrupted government and a promise to their fellow, true Germans — that is, the Whites of Germany.

Thirteen years later, in **1933**, when Adolf Hitler and his NSDAP gained the trust and approval of most Germans and acquired the reins of leadership, they followed their long-publicized program in full trust with the German people.

— This many well-educated, honest, united Germans

were not wrong.

Note: Different translations of the document from the original German into English vary, in some cases significantly. This version came from the following webpage: <http://www.hitler.org/writings/programme/>.

If we are to improve on what came before, we must know what came before. Successful White models include the USA's Declaration Of Independence and The Articles Of Confederation, and historic documents from the Germany of Adolf Hitler's era. Here, we consider a great one from Germany.

After each paragraph or item of this document, the WhitesWillWin position is given, beginning with the letters "WWW" or the current logo. Our White nation of America now is not quite the same as the White nation of Germany nearly 100 years ago. Nor is our situation the same. However, the main principles of the best of our race remain constant, as shown below.

---

### **The 25 Points**

The Programme of the German Workers' Party is designed to be of limited duration. The leaders have no intention, once the aims announced in it have been achieved, of establishing fresh ones, merely in order to increase, artificially, the discontent of the masses and so ensure the continued existence of the Party.

The Program of the WhitesWillWin Party contains items of permanency, and contains items designed for limited duration intended to quickly defeat all anti-White forces in America. The items for limited duration are so noted below in each instance. This Program is offered in full and open White honesty for Whites, thus no hidden agenda, no hidden intentions.

1. We demand the union of all Germany in a Greater Germany on the basis of the right of national self-determination.

We demand the restoration of the full union of the United States of America on the basis of the right of national self-determination. The USA was founded by Whites and built to greatness by Whites. Remember: Our Race Is Our Nation. A "nation" is a people of one race, not a mix of races. A "country" is the territory of the nation. The tiny minorities of other races in America, on balance, contributed more in the negative than the positive, and they have no right to claim any part of our country.

2. We demand equality of rights for the German people in dealings with other nations, and the revocation of the peace treaties of Versailles and Saint-Germain.

We do not demand "equality." We demand peaceful respect from other nations for the security of our nation, and we demand the total destruction of the jew-created United Nations. We demand the total revocation of our current international treaties. We fully intend to establish new treaties of equality with our brother White countries and treaties as appropriate with other races' countries.

3. We demand land and territory (colonies) to feed our people and to settle our surplus population.

This item does not apply, as we intend not to have a "surplus" population, thus no need for extra territory.

4. Only members of the nation may be citizens of the State. Only those of German blood, whatever be their creed, may be members of the nation. Accordingly, no Jew may be a member of the nation.

Only members of the White race, which is our greater nation, may be citizens of our states and of our country. Accordingly, no nonWhite — as defined by having one (or more) nonWhite grandparent — may be a citizen of our states and of our country. The jews — jewry is the enemy race against all other races — found within our borders shall be killed efficiently, as quickly as possible, and without ritual, by any White member, who shall then be entitled to take possession of all personal assets of the exterminated jew. Nonpersonal assests — that is, businesses or corporate assets — of the jew will be distributed according to local state law.

5. Non-citizens may live in Germany only as guests and must be subject to laws for aliens.

Non-citizens may live in the USA only as guests, only for terms of less than one calendar year, and are entitled to no equal rights with the Whites of America. Of course, non-citizen Whites will be afforded all appropriate hospitality. Non-Whites must be subject to strict laws for aliens.

6. The right to vote on the State's government and legislation shall be enjoyed by the citizens of the State alone. We demand therefore that all official appointments, of whatever kind, whether in the Reich, in the states or in the smaller localities, shall be held by none but citizens.

Only citizen Whites of our states and our country may enjoy participation in any government function at any level. Non-Whites shall never have any influence nor any participation of any kind in any function of our government at any level.

We oppose the corrupting parliamentary custom of filling posts merely in accordance with party considerations, and without reference to character or abilities.

After our White nation and White USA is reestablished, we will oppose parties. We must not be a party or parties but must be one nation, one White nation, committed to the security, prosperity, and improvement of our families, our race, and our country. Merit shall be the only criterion on which positions in government are filled.

7. We demand that the State shall make it its primary duty to provide a livelihood for its citizens. If it should prove impossible to feed the entire population, foreign nationals (non-citizens) must be deported from the Reich.

We demand that the government never put obstructions in the way of our inventive, honest, productive White citizens to provide livelihoods for themselves. Of course, our governmental network shall stand, in part, as a safety net for those in temporary hardship and in need of special aid. Our White principles of correct control and regulation of money, loans at no interest, maximum individual freedoms within the responsibilities to family and race, and our compassion for all honest members of our race, will ensure the reasonable comfort of all.

8. All non-German immigration must be prevented. We demand that all non-Germans who entered Germany after 2 August 1914 shall be required to leave the Reich forthwith.

All non-White immigration must be prevented. We demand that all non-Whites (with the possible exception of American Indians now living, which is a topic to be discussed and settled) shall be required to leave the USA immediately or within a maximum time of six months, with each going as quickly as his or her means allows. Those who deliberately delay will be subject to severe punishment up to and including death. Our governments may — no guarantee — provide help to any one or more emigrants, as our local, state, or country's government may lawfully decide.

9. All citizens shall have equal rights and duties.

All citizens — White Americans only — shall have equal rights and duties. Accordingly, there shall be no privileged nor exempted individuals, groups, or classes of any kind.

10. It must be the first duty of every citizen to perform physical or mental work. The activities of the individual must not clash with the general interest, but must proceed within the framework of the community and be for the general good.

It must be the first duty of every citizen to perform physical or mental work. The activities of the individual must not clash with the general interest, but must proceed within the framework of the community and be for the general good. Our race knows, above all other races, that the Meaning Of Life is To Improve family, community, and race. However, as the country's government shall have no internal police powers, how is this item to be enforced? Our White-raised, White-educated citizens, each and collectively, shall enforce this item to local standards, with local and state government intervention only as locally needed and determined.

We demand therefore:

WWW: We demand therefore:

11. The abolition of incomes unearned by work.

The abolition of incomes unearned by work. For example, the "business" of money speculation is an operation generating incomes unearned by work. Another example is insurance, which is, as Ambrose Bierce once defined it, gambling in monthly installments.

The breaking of the slavery of interest

WWW: The breaking of the slavery of interest

12. In view of the enormous sacrifices of life and property demanded of a nation by any war, personal enrichment from war must be regarded as a crime against the nation. We demand therefore the ruthless confiscation of all war profits.

Personal enrichment in war, such as overcharging for materiel, must be regarded as a crime against the nation and must be punished by at least complete confiscation of all such profits, and likely by prison time or death.

13. We demand the nationalization of all businesses which have been formed into corporations (trusts).

We demand the confiscation, beheading, breakup, and distribution among the citizens, of all corporations, trusts, foundations, and similar entities. The common business is the only accepted form of business entity as commonly understood. We demand the abolishment and prevention of all such entities beyond the common, honest, open White business.

14. We demand profit-sharing in large industrial enterprises.

We demand profit-sharing in large industrial enterprises.

15. We demand the extensive development of insurance for old age.

We oppose "insurance" (as explained in Item 11), but we demand an open, honest, system of basic aid as a safety net for our old-age Whites who may find themselves in times of hardship.

16. We demand the creation and maintenance of a healthy middle class, the immediate communalizing of big department stores, and their lease at a cheap rate to small traders, and that the utmost consideration shall be shown to all small traders in the placing of State and municipal orders.

We demand no class be deliberately created nor favored. Instead, we demand that all work be properly rewarded according to community and state standards. Of course, Jews will be exterminated, and big stores, malls, and such currently owned by non-Whites will be taken over by Whites who will follow our White principals in ownership, leasing, and all related activities of commerce. Local markets shall be established, maintained, aided as necessary, and revered as part of the backbone of communities. Prime example: farmers' markets, offering fresh meat, fresh vegetables, and fresh fruit for the good health of all.

17. We demand a land reform suitable to our national requirements, the passing of a law for the expropriation of land for communal purposes without compensation; the abolition of ground rent, and the prohibition of all speculation in land.

For the great Germans of the Hitler era, this demand for land reform was aimed at the enemy Jews who had hoarded land and off which the Jews profited as greedy landlords. The Germans made the mistake of tolerating the existence of Jews. We will not repeat their mistake. Meanwhile, we oppose all speculation in land. Note: The honest and open buying and selling of land — White commerce in land — is not "speculation."

18. We demand the ruthless prosecution of those whose activities are injurious to the common interest. Common criminals, usurers, profiteers, etc., must be punished with death, whatever their creed or race.

We demand the ruthless prosecution of criminals with punishments up to and including death. This includes White criminals, as serious White criminals duly proved guilty have proved themselves as carriers of DNA detrimental to our White gene pool. Of course, non-Whites here (who may only be here as temporary guests) who are proved criminal shall be punished according to our laws for Whites or for aliens, whichever is more severe.

19. We demand that Roman Law, which serves a materialistic world order, be replaced by a German common law.

We demand that the current Jewed, chaotic, anti-White, anti-freedom, anti-American system of laws be abolished and replaced by a basic, proper, White common law. Models of such law are easily found in history, such as in the states during the early years of the United States of America under the Articles of Confederation, and can be adapted and improved for current and future success.

20. The State must consider a thorough reconstruction of our national system of education (with the aim of opening up to every able and hard-working German the possibility of higher education and of thus obtaining advancement). The curricula of all educational establishments must be brought into line with the requirements of practical life. The aim of the school must be to give the pupil, beginning with the first sign of intelligence, a grasp of the nation of the State (through the study of civic affairs). We demand the education of gifted children of poor parents, whatever their class or occupation, at the expense of the State.

The states must each offer a system of White education. Parents shall never be forced to enroll their offspring in the system. Meanwhile, the system must be open to every White child, every member, every citizen of the state and country. The country's government may offer guidance and materials but may never force in any way any White person into a government system of

education. Homeschooling and locally organized non-governmental schools shall always be welcome. Educational materials, especially on White history and other imperatives of our race, shall be offered, preferably free or otherwise at the cost of production, to all, in appropriate quantities as needed. Proper White education focuses on the realities and needs of the following groups in this order: local families, our race, community, country, world.

21. The State must ensure that the nation's health standards are raised by protecting mothers and infants, by prohibiting child labor, by promoting physical strength through legislation providing for compulsory gymnastics and sports, and by the extensive support of clubs engaged in the physical training of youth.

The states must encourage but never force the maintenance and improvement of White health standards, with special attention to mothers and infants. Likewise, states must encourage but never force participation in state or community organizations for exercise and or sports. The current, jewed glorification of games and sports must be abolished. Proper appreciation for the benefits of physical activities and friendly White competition should be nurtured without exaggeration. The absurdity of game-players, all of whom produce nothing, being paid a higher salary than productive workers must be abolished. Games and/or sports in which our Whites are deliberately encouraged to physically injure a fellow White must be overhauled or abolished.

22. We demand the abolition of the mercenary army and the foundation of a people's army.

We demand the abolition of all private military contractors. Defense of community, state, and country that requires the organization of military groups (army, navy, etc.) shall be by public governments, open, honest, and accountable, as determined by duly elected leaders. Meanwhile, the right of every White citizen to buy, have, carry, and responsibly use guns and other weapons shall never be limited by any government. White governments must encourage every able citizen to have and know how to use guns for the defense of self, community, race, and country.

23. We demand legal warfare on deliberate political mendacity and its dissemination in the press. To facilitate the creation of a German national press we demand:

- (a) that all editors of, and contributors to newspapers appearing in the German language must be members of the nation;
- (b) that no non-German newspapers may appear without the express permission of the State. They must not be printed in the German language;
- (c) that non-Germans shall be prohibited by law from participating financially in or influencing German newspapers, and that the penalty for contravening such a law shall be the suppression of any such newspaper, and the immediate deportation of the non-Germans involved.

The publishing of papers which are not conducive to the national welfare must be forbidden. We demand the legal prosecution of all those tendencies in art and literature which corrupt our national life, and the suppression of cultural events which violate this demand.

Only Whites may create, sell, and/or distribute publications of any kind in the United States of America. Violators of this principle and common law may be killed or otherwise punished by any White member of our country. That White hero will then have the right to take possession of all personal assets of the violator at that time within the USA. If no White hero steps in, the local community's or state's legal system must prosecute the case. Note: Of course, there is no infringement on the right of our citizens to sell or distribute publications or materials from non-White sources. Accordingly, and as always, our White principles must be applied to such commerce in every case.

24. We demand freedom for all religious denominations in the State, provided they do not threaten its existence nor offend the moral feelings of the German race.

The Party, as such, stands for positive Christianity, but does not commit itself to any particular denomination. It combats the Jewish-materialistic spirit within and without us, and is convinced that our nation can achieve permanent health only from within on the basis of the principle: The common interest before self-interest.

Folktales from our ancient ancestors or more recent ancestors can be very useful. Education in the beliefs of our ancient ancestors can be very useful. But religion is mind-poison in every case. Beliefs in the supernatural are mind-poisons. We must educate our children and fellow adults that the White race was triumphant around the globe thousands of years before today's main mind-poisons were invented. For example, our ancient ancestors sailed the oceans around the globe, navigating by the stars and Moon, thousands of years ago, and built the great monoliths and pyramids, all of it long before Christianity was invented only about 2,000 years ago. Since then, despite the jews' and their christians' destruction of our books of ancient history and White knowledge, our race has invented science, invented great industries, and amassed new knowledge and wisdom on Nature and our place in what we call the universe. Although the Whites of Europe and then America somewhat modified Christianity, reducing its poisonous effects, it remains mind-poison. Surely, we have outgrown the superstitions and supernatural nonsense of the mind-poisons and can base our White race's present and future on the natural, on the real, and on our ever-improving creativity, inventiveness, and wisdom. We must learn as much of the truth as our ancestors knew, and then we must stand on their shoulders to reach the heights of our unique capabilities on this Earth and in this universe.

25. To put the whole of this programme into effect, we demand the creation of a strong central state power for the Reich; the unconditional authority of the political central Parliament over the entire Reich and its organizations; and the formation of Corporations based on estate and occupation for the purpose of carrying out the general legislation passed by the Reich in the various German states.

We demand the creation of a very limited, very specifically defined set of powers for the government of the country along with specified punishments for leaders and others holding government positions who violate their defined boundaries. We must base our new state governments and country government on our race's best models from the past. We must know and endeavor to avoid the problems and mistakes of those models. Two prime models are the following. First, the USA's original Articles of Confederation, which were in need of improvement when the traitors of the secret Convention in Philadelphia, infested by jews, hijacked the process, overthrew the Articles, and foisted their Constitution upon our country. The second prime model is the organization of Adolf Hitler's government of Germany. Most important is to end "government by committee" as the government is structured now and to establish "government by leaders," as Hitler did. Each leader at each level, at each position, must have gained that position by merit alone, must be openly accountable to the citizens, and must be openly accountable to the leaders at higher levels. In our USA, the state governments must be restored to primacy in the lives of the citizens of each state. That was the essence of the original, true "federal" system before the jews reversed the meaning of the word "federal" as they lied the Constitution into place. Our race has established good White governments before, and we can do it again, this time better. Without interference from other races, especially the enemy jews, every time will be better.

---

A good follow-up article would be a similar treatment of the Declaration Of Independence by the USA's Founding Fathers, great White men though infiltrated by jews.

Another possible follow-up (though exceedingly long) could be on the set of Articles Of Confederation, which was the basic law of the United States Of America but was torn up and overthrown by [the secret CONstitutional Convention](#) in Philadelphia controlled by crypto-jews, such as Alexander Hamilton and James Madison Jr.
